Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

BCMS has been a proficient school several times over the last few years. Student growth has been a big part of the reason our performance has increased. BCMS students have received many accolades over the past several years in academics, athletics, band, choir, writing, and so much more. One area that BCMS has struggled with some is the performance of students with special needs and students with English as a second language. Although, those areas are improving, we hope to see more growth there this year.
