Jeanne Crowe

Continuous Improvement

November 10, 2020

Dear Bourbon County Families,

Due to the increasing numbers of positive Covid-19 cases with our staff members, as well as the number of staff members that are currently quarantined, the Bourbon County School District will be switching to all virtual instruction beginning Wednesday, November 11. District-wide virtual learning will continue through Thanksgiving break. Students that have chosen in-person learning will return to school on November 30, 2020. I sincerely apologize for the short notice. Our district leadership team and nurses wanted to try to continue in-person learning for the rest of the week; however, we have too many of our staff absent at this time to operate safely.

We will continue to monitor the Covid cases in our community and within our school district. Thank you for your support and understanding as we make these difficult decisions to help try to keep our students and staff healthy, while continuing to provide the best instruction possible during this pandemic.

Our school day care centers will be open and following all Covid-19 related guidelines during this time. We will still be providing meals to our students during this period of all virtual learning. These meals can be picked up at Bourbon County High School and North Middletown Elementary from 3:30 to 6:30 each Thursday beginning November 12. Students will receive two weeks of meals on Thursday, November 19. There will be no meals distributed on Thanksgiving Day.

If you have any questions, please feel free to email me at amy.baker@bourbon.kyschools.us or by phone at 859-987-2180.

Sincerely,

Amy Baker
